Of Turkey Reached by British Egyptian Forces, Says War Office

BATTLE LASTED ALL DAY

British Troops Mounted Upon Camels For Desert Transportation Capture Six Lines of Trenches, 1,400 Prisoners and Four Guns—Six Hundred Moslems Were Killed

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 11.—Six lines of entrenchments covering the town of Rafah, on the Sinai peninsula have been captured by the British. It is announced officially. The statement says 1,400 Turks were captured. A Turkish relief force was destroyed. Rafah is 30 miles northwest of El Arish, Egypt.

Following is the official statement:
"On Tuesday our troops captured a strong enemy position consisting of six lines of entrenchments with six main redoubts and a central keep, covering Rafah, 30 miles northeast of El Arish. The attacking force, composed of Anzac mounted troops and the imperial camel corps, left El Arish on Monday and the attack on the position commenced at seven o'clock on the morning of Tuesday. The fighting lasted until 5 in the afternoon when the position was finally carried."

"After the engagement a Turkish relief force was located advancing from Shalal, 16 miles east of Rafah. This force was engaged at a point about four miles from the Rafah position and was entirely destroyed. "Full details of these operations are not yet at hand. Up to the present we have taken 1,400 unwounded prisoners and four mountain guns. The enemy killed and wounded in our hands amount to 600."

The operations of the British have carried them to the Turkish frontier, the furthest advance eastward which has been made since the defeat of the Turkish expedition against the Suez canal. The new campaign of the British has been in progress for several weeks but no more information has been received concerning it with the exception of an occasional official statement. There have been no indications whether the British have embarked on an offensive with the design of striking a serious blow at Turkey from the south or whether they intend merely to clear out hostile forces from the Sinai peninsula and improve the defenses of Egypt and the canal.

The first report of these operations was the announcement on Dec. 22, of the capture of El Arish, 90 miles east of the canal. A few days later London reported the capture of Magdhabah, 20 miles southeast of El Arish, with the virtual destruction of a Turkish force of about 2,000 men, but Constantinople reports that statement as exaggerated and said the British subsequently evacuated the position.

THAW SEEKS TO EVADE ARREST BY ATTEMPTING SUICIDE

HARRY K. THAW

Harry Thaw Slashes Wrists and Throat as Detectives Locate Him in Philadelphia

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Jan. 11.—Harry K. Thaw cut his wrists and throat in a private house on Walnut street west of Fifty-Second street here today and was taken to St. Mary's hospital, according to Captain of Detectives Tate who has been searching for him.

Early reports did not indicate whether Thaw was dead or dying. According to Captain Tate, Thaw's whereabouts was learned early today and the house was surrounded.

When detectives entered the place according to Tate they found that Thaw had cut his wrists and throat. Thaw, Tate said, asked that Dr. Elwood Kirby, a well known physician of this city, be sent for. When the doctor arrived he ordered Thaw removed to St. Mary's hospital where Dr. Kirby is head physician.

St. Mary's hospital is in the extreme northeastern part of the city, several miles from the house where he was found.

Captain Tate later said he had been informed that Thaw was expected to die. That Thaw cut himself with, Tate said he did not know.

The house where Thaw was found is within a short distance from the street where Thaw was in an automobile accident last May. It was a damage suit instituted against his mother, owner of the machine, that brought Thaw here last Monday to defend the action.

How the detectives learned that Thaw was in West Philadelphia they

do not say. When they were asked by the New York authorities to apprehend him on a warrant charging him with assaulting Frederick Gump, Jr., of Kansas City, they made a search of the city and were convinced that he had left the city.

Lieutenant Scanlon, of the detective bureau, said that Thaw was found in the house shortly before 2 o'clock. Scanlon said that he had learned that while Thaw is unconscious he is expected to live.

Surprise was expressed that Thaw should be taken so far away when there were nearly a dozen hospitals nearer the West Philadelphia house where he was found.

Detective headquarters were not advised in their early reports whether Thaw was taken to the hospital in an automobile patrol or the doctor's automobile.

FIND THIRD INDICTMENT

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 11.—A third indictment in the Thaw case was handed down today by the grand jury. The defendant is Oliver Brower, who is under arrest on a technical charge in Philadelphia and in whose possession were found papers left by him by Harry K. Thaw before Thaw and George O'Byrne, known as his body guard, were indicted here on charges of assault and kidnapping brought by Frederick Gump, Jr., of Kansas City. No. The indictment today accuses Brower of conspiracy to kidnap.

EMPLOYEES PRAY FOR RECOVERY OF STEEL MAGNATE

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Jan. 11.—Charles Cyrus Ramsey, president of the Crucible Steel Company of America, died in a hospital here early today after an illness of six weeks from pneumonia, aged 54 years. Mr. Ramsey was widely known in the steel industry and was held in such high esteem by his associates that when it became known yesterday that he was sinking prayer services for him were held in the company's offices which were attended by the entire force.

BACHELORS FACE PROSECUTION FOR LIQUOR VIOLATION

(ASSOCIATED PRESS TELEGRAM)
Newport News, Va., Jan. 11.—Three thousand Newport News bachelors face prosecution for violating the Virginia prohibition law according to commonwealth attorney, Birkley, who announced today that he was preparing to bring cases against persons living in boarding houses and hotels who have received liquor since Virginia went "dry."

Mr. Birkley said he based his stand on a recent ruling by the state's attorney general that persons not the heads of families or not living with their parents could not bring liquor into the state.

For Destruction Wrought by Central Powers Sought by Entente Allies

MUST EVACUATE LANDS

Belgium, Serbia and Montenegro Must Be Restored and Complete Reparation Made Before Entente is Ready to Quit—Reply to Wilson's Note is Received in Washington

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 11.—It has been learned by the Associated Press that the entente reply to President Wilson's peace note makes specific designation of its terms of peace, which includes the restoration of Belgium, of Serbia, and Montenegro and complete reparation for the damage they sustained; and the evacuation of the invaded territories of France, Russia and Rumania, with such reparation as is considered just.

REACHES WASHINGTON

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 11.—The entente reply to President Wilson's peace note began arriving this morning at the state department. As fast as it was decoded it was laid before President Wilson and Secretary Lansing.

From all the recent press dispatches from abroad, the view prevailed here that the note would be a most courteous and friendly reply to President Wilson.

SHARP GETS REPLY

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 11.—Jremer Briand today received Ambassador Sharp and handed him in the name of all the allied governments, the answer to President Wilson's note of December 19. The reply will be published on Friday morning, the allies desiring to be sure that the president has the text in hand before publication in the press.

Premier Briand at the same time gave Ambassador Sharp a note from the Belgian government. This note, while declaring entire adherence to the general answer of the allies, says that the Belgian government desires to show its feeling of gratitude to the American government for the generous services rendered the unfortunate Belgian population and for the sympathy shown by the American nation on every occasion. Baron Beyens, the Belgian foreign minister was present when the notes were presented.

The reply of the allies is said to be a long and detailed document in this respect presenting a strong contrast to the answer of the central powers.

BURKE GOLF IS \$400,000 CONCERN; GETS NEW CHARTER

The Burke Golf Shaft company has increased its capital stock from \$10,000 to \$400,000, it is announced and the directors expect to have an important statement ready for the public in a few days, since this increase and its significance.

CONSPIRACY TO HOLD FOOD WILL BE INVESTIGATED

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Jan. 11.—With a view to ascertaining whether there is a conspiracy to hold food or food products from public consumption so the prices of these commodities may be raised, United States District Attorney Francis F. Kane today requested the various railroads entering this city to furnish him with a statement of the number of cars laden with such commodities longer than the 48 hours allowed before demurrage is charged. Mr. Kane announced that if sufficient evidence is presented to indicate a conspiracy to raise the price of these necessities he would call a special grand jury to return indictments and that all offenders would be prosecuted to the full extent of the law.

Prices of all domestic sizes of anthracite coal were advanced 25 cents a ton by retailers here last week. The wholesale price remains unchanged.

TODAY IN CONGRESS

The congressional business for today is thus summarized:

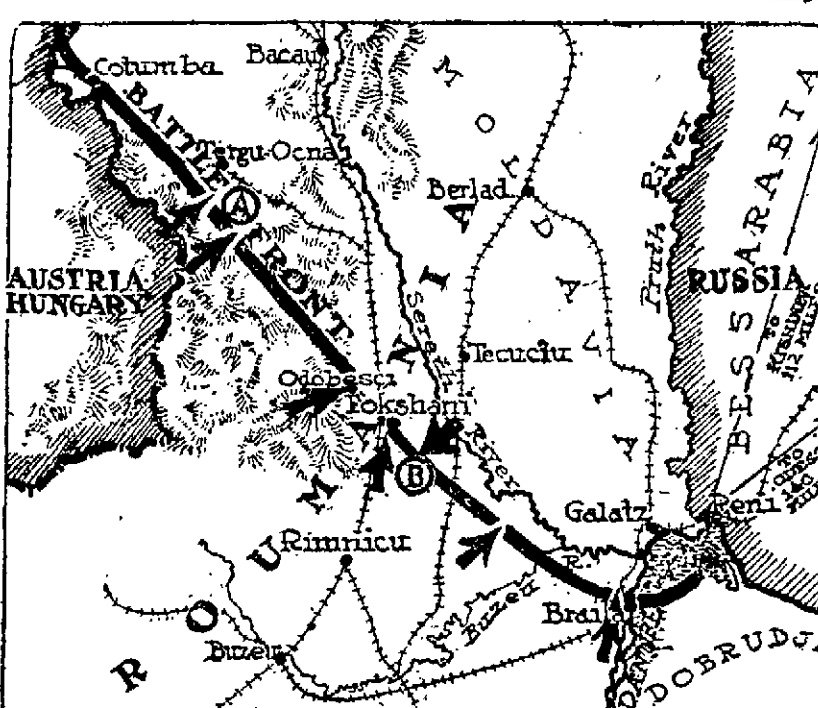

Senate:

Met at noon.
Considered miscellaneous legislation.
Commerce committee continued its hearing on railroad problems.

House:

Met at eleven a. m.
Considered postoffice appropriation bill.
Secretary Baker, Commander Todd, J. K. and others advocated bill for government monopoly of wireless telegraphy as essential to national security.

SERETH MARKS RUMANIAN BATTLE LINE

The Sereth river line, along which the Russian and Rumanian forces are now facing Field Marshal Von Mackensen's attacks, divides Rumania as a whole between Wallachia, the southern portion, and Moldavia, the northern.

The present points of attack are shown on this map, A marking the Ottoz and Kassina valleys, along which a German attack is under way, and B the town of Fokshani, recently captured by the Germans, and the sixteen-mile line to the south, where Russian counter-attacks have been repulsed by the Germans.

NEUTRALS WOULD FIGHT IF THEY KNEW REAL BELGIAN CONDITIONS

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 11.—Cardinal Mercier, in a private letter printed in La Croix, the official church organ, declares that if the truth was known about Belgium neutral nations would not confine themselves to words. The Belgian cardinal declares that Belgium is now suffering as never before. He writes:

"We are all prisoners here but if the neutrals knew of the treatment inflicted on us I do not believe that they would confine themselves to verbal remonstrances. If they did we should have to despair of fraternal charity and humanity."

The cardinal adds in a postscript that although the Belgians are depressed they are by no means discouraged and few want peace without victory.

RUSSIANS

PUSHED BACK TO SERETH RIVER ALONG ENTIRE MOLDAVIAN LINE

Australian Troops and Camel Corps Gain Important Victory in Egyptian Campaign.

British troops pushing northeastward from the Suez canal region on the Sinai peninsula have carried their advance to the border of Palestine. They have captured there the defensive entrenchments of Rafah, 30 miles northeast of El Arish on the Mediterranean, taken by the British last month, and about seventy miles southwest of Jerusalem.

The attack was carried out by Australian troops and camel corps and was followed by the defeat of a Turkish relief force four miles east of the Rafah position. In the operation 1,600 unwounded prisoners and four mountain guns were taken according to the British official report.

Grecoe has followed up her formal acceptance of the ultimatum of the entente powers by beginning the delivery to the entente naval authorities of six batteries of mountain guns. This is in accordance with the agreement reached after the disturbances in Athens last month in connection with the entente demands of Greek army artillery.

Naval losses by the British are announced today. The admiralty cruiser Cornwallis and an auxiliary cruiser a seaplane carrier have been sunk.

The campaign of Field Marshal von Mackensen in northern Rumania continues to be pressed with force and nearly all along the line from the Danube to Fokshani the Russians have been pushed back to the Sereth river.

North of Fokshani the Russians have been making a stand on the river Putna, protecting the main Sereth position and are fighting to retain the railroad junction at Mares-ti where the lateral line joining the two north and south main line railways in Moldavia connects with the westerly road.

YOUTH PROMISES TO JOIN NAVY; ELOPED WITH \$70

Ralph Lee, aged 16, a former bell boy at the Sherwood hotel, who violated the confidence reposed in him by the landlord, Harry Scott, and absconded with \$70, and who was arrested by city authorities and turned over to the juvenile court, was today placed upon a Pennsylvania train with transportation to Newark, N. J., where he has promised to enlist in the United States navy, giving juvenile Judge Robbins Hunter a written promise to that effect.

DEMOCRATS

VOTE TO REPORT ADVERSELY ON CONG. WOOD'S RESOLUTION TO PROBE LEAK

Republicans Claim Decision Absolves Lawson of Contempt Charges—Opponents Deny the Claim.

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 11.—Over the protests of Republican members the Democratic majority of the house rules committee today voted to report adversely Rep. Woods' privileged resolution for a congressional inquiry into the charges of Thos. W. Lawson that there was a leak to Wall street on President Wilson's peace note.

Democrats and Republicans disagree as to the effect of the committee's action toward the Lawson-contempt charges. Republicans say he was absolved by a vote of the majority and that the whole investigation is over.

Chairman Henry insists that the special sub-committee to deal with Lawson's refusal to answer questions propounded by the committee and his publication of "leak" charges in newspapers still is in existence and may make some action.

The opposing members also disagree as to whether the inquiry is over. Republicans say it is in effect. Representative Henry says Representative Wood has another resolution before the committee which has not been acted upon which the majority refused to take up today.

Shortly after one o'clock Chairman Henry announced that owing to Speaker Clark being called to New York the report of the rules committee would not be submitted to the house before tomorrow.

SUFFRAGISTS FACE FREEZING WIND IN SILENT VIGIL

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 11.—Suffragist "silent sentinels" resumed duty outside the White House gates despite a freezing wind. They marched over from congressional union headquarters with military precision and took up positions flanking the main entrances.

President Wilson left the White House for his usual game of golf before the sentinels went on duty but they deployed so he could not fail to see their banners when he returned.

DIDN'T EXPECT PEACE

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 11.—Premier Lloyd George, speaking in the Guild Hall this afternoon said Emperor William had told his people that the entente allies had rejected his peace offer. The emperor did so, he said, to drug those whom he could no longer drag down. "We had rejected no peace terms," the premier said, and answered: "We were not offered terms but a trap baited with fine words."

EXPRESS EMPLOYEE GONE

(ASSOCIATED PRESS TELEGRAM)
Toledo, Jan. 11.—A warrant for the arrest of Arthur E. Wells, an express company employee was issued today accusing him of embezzlement of a package containing \$2,000, in transit from the company's office to the Union station yesterday. Wells, it is alleged, has disappeared.

KENTUCKY'S

Governor Personally Warns Mob That He Proposes to Uphold Law

JUDGE'S LIFE THREATENED

Crowd In Courtroom Became a Mob When Trial of Negro Charged With Murder is Postponed—Mob Surrounds Hotel Where Judge and Prosecutor Sought Refuge

(ASSOCIATED PRESS TELEGRAM)
Murray, Ky., Jan. 11.—Prompt action by Governor A. O. Stanley in chartering a special train and rushing to Murray from Frankfort, when he was informed of threats of mob violence which had been made against Judge Charles Bush and Commonwealths Attorney Denny Smith, of the Callaway county circuit court probably averted an attack upon these officials here today. The crowd which had been clamoring for the life of a negro charged with murder listened to the governor's pleas to let the law take its course and apparently was pacified.

"I have come here to uphold law and order and to protect this court with my own body if necessary," was the declaration with which Governor A. O. Stanley, faced a crowd of the circuit room of the Callaway county courthouse here today.

Notified last night that a mob was threatening the life of Judge Charles Bush and Commonwealths Attorney Denny Smith, Governor Stanley chartered a special train and started for Murray. He arrived here early today accompanied by but two or three friends.

His first move after his arrival in Murray was to deputize 75 citizens and order them to prevent at all costs any outbreak. His next was to make an address to the crowd which filled the courtroom when court convened.

For more than half an hour Governor Stanley explained his purpose in coming to Murray and affirmed his determination to prevent an outbreak at any cost to himself or others.

"A little more than a year ago," he said, "I put my right hand upon a Bible and called to God to witness that as chief magistrate of Kentucky and supporter of the law I would maintain its integrity. I have come here today to plead with you to allow the law to take its orderly course and to declare that I am here to uphold the law and to protect this court, with my own body if necessary."

Governor Stanley's address was apparently well received, except by a few persons in the rear of the court room who set up a cry of "bring in the negro now. Try the negro now, don't wait."

The negro to whom they referred, Lube Martin, is now in the city jail at Paducah, Ky., and will not be brought to Murray, it was announced, until Governor Stanley himself gives orders to that effect. It was indicated after Gov. Stanley left the courthouse that he considered the situation so much improved he probably would start back to Frankfort before the end of the day. Even before he spoke there were evidences that the arrival of the state's chief magistrate had exerted a sobering effect and there was but little evidence of the excitement in the crowd which filled into the court room prior to the convening of court which so stirred the town yesterday and last night.

Fulton May Cancel Auto Tag Contract Deliveries Are Slow

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 11.—Secretary of State W. D. Fulton announced today that the state automobile department would have exhausted the entire supply of automobile identification tags by Saturday. He said he would go to Detroit Saturday to make inquiries from the firm manufacturing the tags and if deliveries of tags from the factory are not more prompt he will cancel the contract, he said.

LIDJ YASU READY TO FIGHT TO GET BACK HIS CROWN

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 11.—Prince Lidj Yasu, deposed king of Abyssinia, is reported in letters received here today from Aden to have re-entered his kingdom near Dassa, heading a considerable force in an effort to win back his crown. Quiet is reported restored in the rest of the country, and American merchants at Aden are said to have resumed their large trade in Abyssinian goat skins in exchange for American cotton sheetings. Previous dispatches from Aden said Lidj had been captured.

THIS STOPS HAIR FROM FALLING OUT

Ever try to count the dead hairs in your comb and brush? They are nature's advance warning of future baldness and proof that the dangerous little dandruff germ is busy on your scalp.

Dr. Sangerbund, the famous Paris specialist, first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of real Parisian Sage (liquid form) in destroying the dandruff germ and promptly preventing the further loss of hair. The effect of only three days' use of Parisian Sage is simply marvelous, and the American people have now awakened to the fact that dandruff is just as unnecessary as it is unsightly, and that they can be quickly rid of it and save their hair by using a few ounces of Parisian Sage.

Parisian Sage is sold for not more than 50 cents a large bottle at drug and toilet counters everywhere. It is an ideal, daintily perfumed liquid, free from grease and stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant.

W. A. Egan always has a large supply, and guarantees it to you. (Advertisement.)

BUSINESS AT POST OFFICE \$80,000 YEAR

The increase in postoffice receipts during the past year presages an increase of \$100 in salary for the postmaster, Frank T. Mercer, for the coming year. The local office has reached a business of over \$80,000, which automatically increased the salary of the postmaster \$100 on the year.

The business done has been enormous, there being substantial increases in all departments with the probable exception of foreign money orders. The general receipts for the year ending Dec. 31, 1916, were \$81,488.35, an increase over last year when they totalled \$75,159.75. These receipts include the stamp business. During the month of December, 1916, 3800 insured parcel post packages were handled and 4950 registered letters were handled during the same month.

The money order department shows an increase for last year, 30,329 orders were issued, representing the sum of \$210,137.81, on which \$1,999.76 in fees were collected. These amounts were on domestic orders alone. Of foreign orders 450 were issued, representing \$10,433.87, with \$120.29 fees collected.

The local clerk of the money order department paid 21,900 money orders, equalling \$170,431.14. Sixty foreign orders were paid, amounting to \$300.70.

The vast amount of business has been handled well, and an improvement has been made in the delivery department by the addition of extra carriers. The big Christmas congestion was alleviated with but little delay, and the business handled indicates a growth of Newark proportionate to other cities of the same size.

CLEVELAND LIFE AGENTS ATTEND BANQUET HERE

Why Colds Lead to Pneumonia

When a cold is neglected it attacks the lining of the lungs — then it's pneumonia. Father John's Medicine treats colds and prevents pneumonia because it nourishes the system and drives out the poisonous waste matter — any other way of treating a cold is likely to lead to pneumonia. Not a "cough syrup" or "balm" depending upon dangerous and weakening drugs, but a food medicine and body builder.

THREE BIDS FOR CHURCH CONTRACT ARE CONSIDERED

Three bids for the construction of the new First Baptist church run so close that the committee in charge of the opening of bids, were unable at the first sitting to determine which was the lowest or most satisfactory. Another meeting within the next 48 hours, possibly tonight, will be held to give further consideration to these proposals. No figures were given out by members of the committee.

There were five bids for general construction work and a number of others for special work, such as heating, plumbing, lighting, etc. The general bidders were Marks & Phillips, Columbus, M. Davidson of Athens, O. J. Hawkins, Newark, Keyes Sons of Shreve and W. B. Patton of Newark.

CITIZENS CLAIM PAVING WAS NOT PROPERLY DONE

BUCKLEY TO SPEAK TO C. OF C. TONIGHT ON FIRE PREVENTION.

The meeting tonight at the Chamber of Commerce rooms to discuss fire prevention, with a view of taking such action as will result in lower fire insurance rates, promises to be of unusual interest. Through the efforts of Fire Chief Baush, Bert B. Backler, state fire marshal, has consented to attend the meeting and talk upon the subject. Chief Baush also will speak. These meetings in other cities have resulted in much financial benefit to citizens because changes were made along the lines of fire prevention, which resulted in a reduction of insurance rates. Newark is a good field in which to spread such propaganda and there is room for improvement in fire conditions.

GEO. SANDERSON PARALYSIS VICTIM; WAS B. & O. OPERATOR

After being a victim for 21 years of locomotor ataxia, George Sanderson, 52, passed away at 9:30 o'clock this morning at the home of his sister, Mrs. James Stone, 152 West Locust street.

Mr. Sanderson was born in Mt. Vernon and at the age of 13 years went to work for the Baltimore & Ohio Railroad company, being a telegraph operator or train dispatcher. He worked for many years for that company but soon after he was stricken he went to California, where the climate seemed to agree with him better than that of Ohio. He worked at his trade in California until about two years ago when he came to Newark from Bakersville and since has lived here.

His collateral family consists of two brothers, Charles of Delaware, William of Mt. Vernon, and three sisters, Mrs. Kate Stone of Mt. Vernon, Mrs. James Stone and Mrs. Ed Grant of Newark.

Mr. Sanderson was a member of the Knights of E. Elias of Canton, and the Bakersville, Calif. Lodge of 32°.

Mr. Sanderson attended the inauguration at Columbus Monday which proved too great a tax upon his vitality, and on Tuesday night, after attending a social session at the Elks' lodge room, complained of feeling very ill, and on Wednesday he rapidly became worse until his death this morning.

The body will be shipped to Mt. Vernon for the funeral which probably will be held Saturday.

LOCAL WEATHER

Most Newark people pulled the blankets closer about their ears last night while the sleeping porch fiends and the fresh air bugs either sought shelter or pulled the windows down a little more to get away from the searching fingers of Jack Frost. The weather bureau made good its promise of a cold wave. The mercury dropped from 43 degrees Wednesday morning to 13 degrees Thursday morning, a difference of 30 degrees. The absence of wind made the crisp air rather invigorating and pleasant to the more warm blooded people. A light snow fell during the early hours of Wednesday night. Warmer weather is predicted for tomorrow.

Today's Temperature
Lowest, 13 degrees above zero.
At 8:00 a. m., 13 degrees above zero.
At 2:00 p. m., 16 degrees above zero.

Approves Plan to Pay Suit Expense From the Interest

Newark gas consumers read with interest the discussion in interview with Editor Norpell and Treasurer W. C. Maza regarding the disposition of the gas fund, particularly that part with reference to the payment of the expense of the trusteeship from the interest on the fund which is held by the trustee. Many people approved the suggestion that this expense be paid from the interest. An East Newark man called The Advocate this morning and expressed his approval of the suggestion. He stated that no hasty action be taken approximating such a plan.

Ford Announcement!

Hundreds of unfilled orders for Ford cars are still held by our agents in the cotton growing districts of the south. Our northern assembly plants are working up to their capacity to fill these orders. Under normal conditions we should have 100 Ford cars on hand for the spring rush, but naturally we are not permitted to stock cars while other dealers cannot fill their immediate orders. If you are contemplating the purchase of a Ford car in the spring, anticipate the shortage that will prevail and BUY NOW. The factory will fill our orders for immediate delivery for a short time only, after which time we can make absolutely no promise on deliveries.

Examine your teeth tonight

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. **YOUR DENTIST** will clean, not **FULLY YET**! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germs and tartar are present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it **REALLY** **CLEANS**, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of **Pyorrhea**. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c.

Bathe Internally And Keep Well!

Nature has mightily equipped us all old and young to resist disease—but she requires that we give her a chance. We give her no chance if we permit the lower intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effective way by Internal Bathing and in an easy non-habit-forming way keep the Intestines as sweep and clean as Nature demands it to be for perfect health and sure defense against contagion. Over half a million keen, bright, healthy people testify to its results.

Mrs. J. B. Logan of St. Joe, Idaho, writes: "Dear Sir: While you have never collected my testimonial, I feel it a duty that I owe to you to acknowledge what your treatment has done for me."

"I have suffered more than forty years from the most severe form of bilious headache. Have scarcely missed a month during all that time that I did not have a severe attack. The only way I could get relief was to get some purgative to act on the bowels. I could keep on my feet and attend to my daily vocation only by taking an aperient, a laxative or purgative every day."

"Since coming in touch with your 'J. B. L. Cascade' I have not taken a single dose of medicine. Have not had an attack of bilious headache and have never enjoyed such perfect health in my life as I have for the past three months."

Just call at The Hudson Ave. Pharmacy, 12 L. Williams, Proprietor, 322 Hudson Ave., Corner Oak St., Newark, Ohio, and request free booklet "Why Man of Today is Only 50 Per Cent. Efficient." The most efficient device for Internal Bathing the "J. B. L. Cascade" will also be shown and explained to you if you so desire. Advt.

Dry, Hoarse or Painful Coughs Quickly Ended

Home-Made Remedy that Saves
You \$2—Does the Work
Thoroughly.

The prompt and positive action of this simple, inexpensive home-made remedy in quickly healing the inflamed or swollen membranes of the throat, chest or bronchial tubes and breaking up tight coughs, has caused it to be used in more homes than any other cough remedy. Under its healing, soothing influence, chest soreness goes, phlegm, looseness, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (50 cents worth), into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. You then have a full pint—a family cure—of a much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with quinine and is known the world over for its promptness, ease and certainty in overcoming stubborn coughs and chest colds. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. YOUTH SLASHES ARM; CHARGES NEGRO WITH ACT

Willard McFarland, aged 16, came to the police station yesterday evening in company with his father, J. C. McFarland, a barber, and exhibited his forearm that had been slashed in a number of places with a knife, according to his story, in the hands of a negro.

McFarland is employed as a messenger in the office of the B. & O. Master Mechanic, and he said his negro assailant also worked about the yards.

Chief Sheridan told them he would investigate, but in about 20 minutes a telephone request came to headquarters for officers at 49 Poplar avenue, the home of the McFarlands.

When the officers arrived they were told that Willard had come home and raised a rumpus during which he threw chairs, upset a washbowl, tore the telephone off the wall and committed other violence.

He had left the house but later was arrested on North Fourth street near West Main and taken to the city prison. When searched a penknife was found, one blade of which was stained with blood. To Chief Sheridan he actually confessed that the wounds upon his arm were self-inflicted but no motive could be drawn from him last night.

Chief Sheridan believes the lad was drunk, but he maintained that he had not been drinking yesterday, and this morning he was turned over to the juvenile court.

**SELFISHNESS IS
SIN OF THE DEVIL
SAYS EVANGELIST.**

Wednesday evening Rev. Mr. Comer preached on "The Sin of the Devil," his text being taken from the book of Job. He brought out in a way that all could understand that the sin of the devil is selfishness. A large congregation filled the main room. The Young Men's class and the Young Ladies' class attended in a body, making a splendid showing. Several conversions resulted. Meetings at 2:30 and 7:30 each afternoon and evening.

3 MEMBERS OF ONE FAMILY DIE WITHIN WEEK OF EACH OTHER

Father, mother, and son dying within a week of each other was the tragic record in the family of William Smith of New Haven, O., near Chicago Junction. Mrs. Smith was an aunt of B. & O. Engineer William Sherrard, who lives at 28 North avenue, who has returned from attending a funeral.

On December 24 Henry Smith, aged 38 died to be followed by his mother, aged 75, on December 27 and his father, William Smith, aged 83, on December 31.

400 MILLIONS IN SECURITIES FROM BRITISH OWNERS.

New York, Jan. 11.—Efforts of the British treasury to mobilize American and other securities owned by British subjects for government purposes here have brought to New York during the last few months stocks and bonds worth more than \$400,000,000, according to estimates made in banking circles today. The latest addition is \$20,000,000 received yesterday by J. P. Morgan & Company.

Gold shipments are expected to continue on a large scale with substantial deposits at Philadelphia and San Francisco. The superintendent of the government assay office here has asked congress for a special emergency appropriation of \$800,000 to erect a new building in this city for storing gold.

SENATE CONFIRMS NOMINATION OF WINTHROP DANIELS.

Washington, Jan. 11.—After a long and bitter fight, the renomination of Winthrop M. Daniels, of New Jersey, as a member of the interstate commerce commission stood confirmed today by the senate. The vote for confirmation was 42 to 15 against.

Senate against came last night after progressive Republicans had blocked confirmation for almost a month. The bitterness of the contest is disclosed in the debate which was behind closed doors. In making public part of the debate the senate upset one of its long established customs.

FOUR CHILDREN AND MAID BURN IN MONTREAL FIRE.

Montreal, Jan. 11.—Four children and a maid of the family of Dr. J. H. Leblanc, a dentist, were burned to death early today in a fire which destroyed their apartment above a moving picture theatre. The children's ages ranged from two to eleven years. Their parents were visiting friends and had left them in the care of the maid.

Was Buffalo Bill a Native of This County; Aged Native Says Mother Once Lived Here

Col. William F. Cody (Buffalo Bill) whose death was recorded yesterday in Associated Press dispatches from Denver, was a native of Licking county, having been born near Pleasanton, south of this city, according to James K. Jennings, 90 years old, of 63 Wilson street, Mr. Jennings, although nearing the century milestone in his life, vividly recalls the incidents of more than a half century ago when he boarded with Cody's mother, Mrs. Nancy Cody, while Mr. Jennings was employed on the construction work of the old "plank road."

Col. Cliff Rosebrough, whose fondness for digging up facts which the ordinary individual has forgotten, is well known, secured from Mr. Jennings the statement of facts in the case.

In 1856 when the plank road between Newark and Jacksonport (on the National road, south of Newark) was constructed, about one mile south of what is now called Pleasanton, Nancy Cody, mother of Col. Wm. F. Cody, (Buffalo Bill) kept a boarding house for the workmen constructing the old plank road at that time. One of Newark's oldest citizens, Mr. James K. Jennings of 63 Wilson street, although nearly 90 years of age, boarded with them when he worked on the construction of the road. Mr. Jennings says that there was a boy by the name of Nick, named after his father, who had died some years before, and that Nancy frequently talked about her youngest son, "Bill," who had left home at the age of 10 years for the west. The mother of (Buffalo Bill)

Gluck and Homer in an exquisite old song

The favorite "Long, Long Ago" possesses a tenderness and pathos beautiful in their simplicity. It is a song worthy of the attention of such illustrious artists as Gluck and Homer, and they give an exceedingly beautiful presentation.

Victor Red Seal Record 87267. Ten-inch, 52.

Hempel sings a splendid number, "Just You"

This famous soprano has a peculiar faculty of getting at the heart of the song she sings. A distinctive trait that is exceptionally noticeable in this pathetic composition, and to hear it sung is to be charmed by the singer's consummate art.

ESTABLISHED IN 1820.

Entered as Second Class Matter
March 10, 1882 at the postoffice at
Newark, Ohio, under the Act of March
4, 1879.It is natural enough to see letters
still dated 1916, as to a lot of people
an additional year is an incriminating
fact.There is joy in heaven over one
sinner that repenteth, and joy on
earth over one poor fellow who
breaks his New Year's resolutions.As soon as the fighting European
powers get to dividing the spoil,
the United States proposes to crawl out
of the coal hole and demand its
share.This investigation of stock market
leaks will make official position at
Washington seem still more attractive
and full of opportunity to some
people.The people who are really in danger
of losing a lot of money are
those who were allowed to win a
little something on the last stock
market bubble.There's a large bill being in West
Newark that tells of certain attractive
Christmas offerings. However,
this may refer to next Christmas, so
we'll not criticize."When in doubt," says the De-
troit Free Press, "don't say it."
That's good advice but this, we
claim, is equally good—when in
doubt, don't do it.It is proposed to have a commis-
sion of experts pass on "pork"
projects, and a lot of defeatist politi-
cians are willing to serve their
country by serving as such experts.Most people are so busy pursuing
the prices of butter and eggs with
the new half dollars that they haven't
had time to verify the press state-
ment that the coins have new de-
signs.The trains to Washington are re-
ported as loaded with pilgrims on
the way to our shrines of patriot-
ism, and incidentally looking for
river and harbor money for their
districts.The rural legislator may not trim
his whiskers with the frequency
favored by the Adonises from the
city, but he sometimes astonishes
his colleagues by reading out a bill
before he votes for it.Billy Sunday would never have
gotten out a million people to his
Boston meetings, if like some
merchants he had opened his doors
and sat down without advising,
saying that everyone knew he was
there.

The Investigating Habit.

This is an era of investigations.
From congress down to the state
legislature, they're all doing it. Com-
missions and committees are hiring
stenographers, summoning witnesses,
spending money on railroad fares,
smoking choice cigars, and seeing
the country. Just now the cost of
living subject is the favorite field,
but a lot of others furnish employ-
ment to our work politicians. The
very word investigation has come to
seem almost ridiculous to the pub-
lic.Ordering an investigation has
been a favorite idea with the politi-
cians. When they don't know what
to do, or even are determined to do
nothing, providing an investigation
committee serves a useful purpose.
It keeps petitioners quiet, thinking
that something is being done. Us-
ually by the time the committee re-
ports, the exigency has passed, and
the findings can be safely and quick-
ly pigeonholed.Yet investigation is an essential
idea in all business. In commercial
life no corporation undertakes a new
problem without exhaustive study
by its experts. The most careful
soundings and most painstaking ex-
periments are made.Evidently the trouble is not so
much with the essential idea of leg-
islative investigation, as the way it
is done.

Fire Prevention.

(Philadelphia Record.)

Progress in reducing America's
"last bill" for fire losses, most of
which are easily preventable, has its
setbacks, just as all great reforms
have. When these losses were cut
down to \$172,033,200 in 1915, as
against \$211,439,350 in 1914, it was
hoped that the gain would thereaf-
ter be steady, but from statistics col-
lected by insurance papers it appears
that this has not been the case. The
losses for 1916 jumped up to \$213-
539,670, which was about the aver-
age for the five years preceding the
remarkable improvement shown in
1915. Still it is one consolation to
know that the biggest loss of the
year occurred in Canada, not the
United States, the destruction of the
Parliament buildings at Ottawa, wiping
out property valued at \$5,000,000.
Paris, Tex., suffered from the same
loss by a conflagration which de-
vastated it, and Nashville, Tenn.,
and Augusta, Ga., were also sorely
afflicted by disastrous conflagrations.

Still it would not be safe to infer
from these serious losses that the
cause of fire prevention is not making
headway. It clearly must be, or
else the losses would keep pace with
the growth of population. But
though last year's figures appear
they are still less than those of 1910
and 1911, before the present agita-
tion to cut down losses by preventive
measures began. This movement
has had its greatest popularity in the
large cities, such as New York, Chi-
cago, Philadelphia and Boston, and it
is noticeable that in these 1916
shows a very good fire record. Just
as the railroads have reduced acci-
dents by their slogan of "Safety
First," so the insurance companies
must keep up their fight for fire pre-
vention. As the character of building
steadily improves in this country the
volume of the appalling and unneces-
sary losses by flames will gradually
be cut down to something like the
figures of European nations.

Waste of Garden Stuff.

(New York Sun.)

Two factors in the high cost of
fruit and vegetables have received
but little notice from the consuming
public. I refer to the questions of
grading fruit and vegetables and the
licensing of hucksters.
Fruit and vegetables are graded
by selecting the finest specimens,
and then they are sold at a price to
cover the entire crop, while the
greater portion produced is wasted.
We pay as much for a dozen apples
as half a bushel of a dozen apples
apples should cost. If fruit and
vegetables were sorted sufficiently
to cull out the partly decayed and
badly bruised portions, these to be
sold as such, a vast amount of stuff
would come on the market at a mod-
erate price, and at the same time
fancy fruit could be sold by the
dozen to those in quest of that grade.
Nearly all cities issue huckster
licenses, and the hucksters, by work-
ing in unison with the storekeepers,
create a monopoly inside the city
limits. The producer is kept from
access to the city with his load of
fruit and vegetables unless he takes
out a license, and this would not
be profitable to the average pro-
ducer. The result is to allow the
hucksters and other dealers to exact
from the consumer as high a price
as possible and at the same time set
the price to the producer. Public
markets should be provided in cities
and the privileges of the market
limited to the producer only.

Spirit of the Press

Our Handicap.

Looking at the political and war
muss that England is now in explains
one thing to our satisfaction. Our
own mutthead proclivities are un-
questionably an inheritance from
English forbears. We might have had
more sense if we had descended
from Eskimos, Icelanders or plain
wooden Indians.—Houston Post.

Why Not the Truth?

As for the historians, the good
ones do not pretend to tell all that
has occurred because they do not
know all; and the less conscientious
ones have generally written what
they thought the public would like.
National pride, masquerading as
patriotism, and in that guise winning
the approval even of Mr. Huidek-
oper, has prevented school children
from learning the truth about either
their country's blunders or its
crimes. If our blunders are now to
be paraded, why not our crimes?

less agreeable truths about the Span-
ish war and the war in the Philip-
pines?—San Francisco Bulletin.

Governor Cox's Message.

Governor Cox's message to the
legislature is not that of a boss.
There is in it not one crack of the
whip. Neither is there in it any evi-
dence of a disposition to overturn
laws just because they were enacted
by the general assembly of another
party complexion. On the contrary
there is recognition of some good
work by the Republican legislature
and recommendation of its accept-
ance as the basis of enactments to
meet new conditions. In this re-
spect the spirit of 1917 is notably
different from the spirit of 1915, and
better. —Columbus Dispatch.

Frozen Water Pipes.

Now is the time that fires are
caused by householders attempting to
thaw out water pipes by burning oil-
soaked rags and using other illad-
vised methods in which an open
flame is used. The proper way for
the householder to restore an ice-
clogged pipe to service is to wrap it
with cloth and pour hot water upon
it, or if the freezing is too severe to
yield to this treatment, the best plan
is to send for a plumber. Apparently
this is a minor detail, but attention
to it may prevent needless fire losses
running into thousands of dollars.—

The Burroughs Bookkeeping Machine, which we
have just added to our equipment, makes it possible
for us to give you better service than ever before in
the handling of your account.

The machine affords absolute protection against
errors in figure handling. It can't make a mistake.
You can always be sure that your machine-figured
balance is correct.

The increased speed, accuracy and protection of this mechani-
cal bookkeeping system, added to our thorough knowledge
of good, consistent banking and business methods, makes it possible
for us to offer you an improved service that is equal to that
furnished by the country's most progressive banks.

Chorus with jolly
Ramparts and towers,
Maidens disdainful
In Beauty's array,
All shall be ours,
Bold is the venture,

Only Successful Remedy for Treating Gall Stones

MR. W. C. DILLEHAY

Fruitola and Traxo Brought Relief
After Doctor Said Nothing
But Operation Would
Help.

In the opinion of Mr. W. C. Dillehay, 513 Morton St., Nashville, Tenn., Fruitola and Traxo is the only successful remedy for gall stone trouble. In a letter to the Pinus Laboratories, Mr. Dillehay says, "After a leading Nashville physician had failed to relieve my wife, and we were told an operation was necessary, I heard of Fruitola and Traxo and we decided to at least give it a trial. I gave her this medicine as directed and after four doses she was relieved of nearly a quart of gall stones, conclusive evidence that an operation was by no means necessary."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus Laboratories in Monticello, Ill., and can be purchased in drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficiency. Traxo is a tonic-alternative that is most effective to rebuild the weakened, run-down system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Ill.

NEWARK WOMEN AID A. F. F. W. IN WORK FOR HOSPITALS IN FRANCE

The A. F. F. W. meets every Friday at Y. M. C. A. from 9 o'clock on. A young man who lives in Columbus, has been driving an ambulance at the front at Saloniki. He tells of a few nurses, who were sent ahead as the Russian lines advanced, to prepare for the care of the wounded. The hospital was a bare building, without equipment, but a dozen or more severely wounded men were sent there. Some must die if their wounds could not be given first aid. These brave American nurses, for such they were, began to tear their own garments into strips for bandages when an American Red Cross ambulance backed up to the door, filled with the necessary supplies, and bringing a surgeon. In that ambulance were just such articles as the Newark women are making every Friday at the relief rooms in the Y. M. C. A. building.

If Newark people could get a real mental picture of the thousands of such needs, not all ending so happily as this, the fingers of every woman in Newark would be busy, as busy as the two old Australian women, in the December National Geographic Magazine, "who spend their waking hours, snipping clean rags to fill pads for the wounded."

John J. Carroll has generously given a bolt of outing flannels to make shirts and pajamas, and we need help to work upon them. Also the ladies of Johnston and Croton have been working on pads and have sent twenty or more. Thus far the Newark work has been enthusiastically supported and it is hoped the enthusiasm may continue.

"Towards the many times before their deaths, the valiant never taste of death but once—Julius Caesar." Julius Caesar, Mrs. Charles Allen. Julius Caesar on the Stage, Miss Mary Miller.

Mrs. C. H. Stinson charmingly entertained the members of the Wednesday afternoon Luncheon club at the Moundbuilders Country Club yesterday. Following luncheon the hours were devoted to auction, and the following guests: Mrs. W. C. Miller and Mrs. Malcolm Baker.

The Harmonious Embroidery club met with Mrs. Charles Cooper Tuesday afternoon at her home in Elmwood avenue. After the usual business affairs the hours were spent in fancy needlework.

The hostess then invited her guests to the dining room where a delightful two-course dinner was served. Pink carnations centered the table which seated the members and three guests, Miss Inez Holtz from Frazeyburg, Mrs. W. W. Bourne and Mrs. Almi Toothman.

Mrs. W. H. Conley, formerly of North Sixth street, who recently moved into her new home in East Main street entertained the members of the Sunday school class of the First M. E. church of which Mrs. L. C. Sparks is the teacher, with a housewarming on Wednesday.

The event had been planned by the class members and thirty-five guests were present and dinner was served by the hostess and committee. The hours following were devoted to needlework and music.

The Licking County Equal Suffrage Association will meet by invitation with Mrs. Barnes at the Presbyterian parsonage in Broadway, Granville, on Friday, January 12 at 2:30 o'clock.

A miscellaneous shower was given at the home of Mrs. Harry W. Rodamer in honor of Miss Teda T. Ruff, on Wednesday afternoon. Many beautiful gifts were bestowed upon the happy bride to be. Luncheon and refreshments were served the following: Mesdames Theo. Klockner, Mr. Rodamer, C. J. Jarker, A. C. Kelley, Wm. Bolander, H. W. Rodamer, Ed. Strait, John Lanigan, M. Ruff, Wm. Stoepler, Miss T. T. Ruff.

Vari-colored balloons and brightly tinted confetti will add to the merriment of the informal dinner dance to be given this evening by the Knights of Columbus at Assembly Hall. An elaborate dance program has been arranged and a turkey dinner will be served at 11 o'clock. Dancing will begin at 8:30 o'clock.

The members of the Recreation club enjoyed a delightful dance at the Moser hall on Wednesday evening. A large membership of the club was present and a delightful dance program was given.

NEW POPULAR SONG

Odd Ballad With Quaint Text and Catchy Music.

A new song has just appeared which is a departure in popular tunes, because there is no frivolous flavor to it. It appeals to the loyalty of the girl who finds in the man of her choice the counterpart of her dad and mother. The idea is rather original.

The music is particularly catchy. Here is a part of the chorus cut from a copy just received:

In The Sweet Long Ago

CHORUS.

Can't you bring back the olden love-days, the golden

love-days of long ago? Can't you bring back all the

old-fashioned melodies mother and dad used to

Granville

[Special to The Advocate]

Granville, O., January 11.—The Women's Music club after a month's vacation resumed work with renewed zeal and fresh interest Wednesday afternoon, January 10, with Mrs. C. B. White as leader of the program. A lecture recital by this artist is always a delight and the treatment of the four music dramas of Richard Wagner, "The Ring of the Nibelung," "Die Walkure," "Siegfried," "Die Gotter da ammerang," in four successive meetings has been one of the pleasant anticipations of the club members, and the programs interpreted by some of the finest musical talent in the club, gain interest and enjoyment by reason of Mrs. White's own enthusiasm. She observed that it is gratifying to see the interest and enthusiasm already manifested in this study. Leit motifs are frequent topics of conversation; mothers are reading the story of the "Nibelungen" to their children and one member has even begun to read the "Nibelungen lied" in the original. She hinted that the true Wagnerian lover always arrives on time and sits quietly through the entire performance; that he never applauds until the last chord of the orchestra has died away and never asks for a libretto. She said that as he can not hope to listen intelligently or to appreciate the great beauty of these operas unless we understand the art theories which make these works different from the old so called grand opera. We ought to become familiar with them, hence she plans to give several of these theories on each of the four days. We find, first, that the subjects of Wagner's operas are exclusively national; second that he believed the libretto should be written by the composer; third that there should be a proper relationship of the poetry and music; and fourth that the orchestra should be a great independent factor instead of the "huge suit" for accompaniment as used by the Italian school, and she told the story of the Ring with real dramatic fervor, which heightened the pleasure in the program as given.

Prelude—Mrs. M. E. Stickney, Miss Ruth Rockwood. "Wotan's Greiner to Walhalla"—Mrs. Marion Rose Johnson. "Loges Narrative"—Mrs. J. W. Rohrer. "Brda's Warning"—Miss Blanche La Ferre. "Donner's Thunder Summons"—Mrs. Marion Rose Johnson. "Entrance of the Gods into Walhalla"—Miss Ruth Rockwood at the piano, accompanying Mrs. Roe Morrow, Mrs. Everett Johnson, Miss Howland, Mrs. Ullman, Mrs. Ogilvie, Mrs. Loveless, Mrs. Babe Ashton, Mrs. Elsie Carter, Mrs. J. D. Thompson—Miss Rockwood accompanist of the afternoon.

"Current Events"—by Mrs. Richard Colwell, preceded the program. Hostesses for the afternoon were Mrs. Richard Colwell, Mrs. Fred Seymour, Mrs. M. E. Stickney, Miss Eva Wright. The guests of the club were: Mrs. W. H. Johnson, Mrs. Frank Carney, Mrs. John Geil, Miss Leila Brown, Mr. and Mrs. Robert Bell, Mrs. Edward M. Jones, Mr. Millard Rockwood. The meeting was held at the home of Mrs. C. D. Coons, the club headquarters, and little Catherine recently arrived, made her first public appearance.

Beta Theta Pi entertained with a delightful dinner party Wednesday evening, January 10, honoring Miss Adele Edgerly and Mr. Nelson Rupp, which was in the nature of an announcement of their engagement. The place cards, decorated with hearts, bore the emblems of Chi Psi Delta sorority, ad of Beta Theta Pi. Pink and blue streamers leading to the center of the table, held the ladies' favors—imitation diamond rings—and beneath his place card, each young gentleman found an envelope containing tickets for the terminal basket ball games, following the dinner party. The young couple were toasted and congratulated by their friends. Besides the chapter, those present were: Mrs. Corinne Lockman, chaperone; Misses Madeline Edgerly, Frances McGee, Helen Ray, Ruth Edgerly, Ruth Tipton, Ruth Wickenden, Pauline Sand, Evelyn Cathcart, Mary Elizabeth Fuller, Cora Palmer, Lillian Eldridge, Gertrude Wyckoff, Edith Wilson, Ruth Vaughn Winifred Parsons, Margaret Seasholes, Louise Danner, Louise Hamblen, Freda Runnels.

Mr. and Mrs. Robert G. Bell of Queens, Long Island, and Miss Viola Kier of Philadelphia were dinner guests of Mr. and Mrs. Albert Guckert Wednesday evening, January 10, at their charming new home on the Newark road.

The attention of Granville music lovers is called to the fact that the concert in Newark given by Granville people under the auspices of the Women's Music club, is on Friday night, not Friday afternoon.

Her Turn. Smith got married. The evening of his first pay-day he gave his bride \$14 of the \$15 salary and kept only \$1 for himself.

But the second pay-day Smith gave his wife \$1 and kept \$14 himself. "Why, John," she cried, in injured tones, "how on earth do you think I can manage for a whole week on a paltry dollar?"

"Darned if I know," he answered. "I had a rotten time myself last week. It's your turn now."—Topeka State Journal.

Card of Thanks. We wish to extend our sincere thanks to our neighbors and friends for their kindness and sympathy shown during the death of our wife, daughter and sister, Phrona Williams Houke. We also want to thank the singers and the people for their floral offerings. Husband, Mother and Father, Brothers and Sisters. 1-11-17

IS IT "JUST A COLD?"

Newark People Should Ask Themselves This Question.

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, aching joints.

Or other serious sickness that comes from weak kidneys. Colds are due to congestion. Congestion makes the kidneys overwork to filter the blood. Colds often leave the kidneys weak.

First break the cold; Then use Doan's Kidney Pills to avert the kidney dangers. Let this Newark woman tell you about them.

Mrs. J. M. Conrad, 181 East Main St., Newark, says: "It might have been a cold settling on my kidneys that caused my kidney trouble. I had dull pains across my back and was weak and ailing all over. One box of Doan's Kidney Pills cured me of the backache and put me in good health." 50c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

AUDITORIUM.

"Honor Thy Name."

Frank Keenan, Charles Ray and Louise Glaum are to be seen in "Honor Thy Name," Triangle-Ince play, to be seen at the Auditorium theatre, tomorrow.

"Honor Thy Name" is the story of a father's sacrifice to save his son. Colonel Slocum Castleton was a gay blade in his day, and one of his flames had been the celebrated opera singer Rosita. But, one night returning to his apartment, he had found her with another man and promptly dropped her.

This feature together with a two reel Keystone comedy, "The Feathered Nest," with Chas. Murray, also the 11th episode "Crimson Stain Mystery" will be the Auditorium program Friday. Nine Reels in all will be seen at the usual Auditorium price of admission.

The Girl Without a Chance.
You don't want to miss the play at the Auditorium Saturday, January 13, matinee and night, as it is a problem that will cause each and every one to stop, ponder and wonder who will be the next victim of the gruesome, White Slave Traffic and the scenes and situation are so interwoven and from a scenic standpoint, as the curtain rises on the first act, you feel as though you have been transplanted into some foreign clime and the strong situations at the climax of the acts are built so that the action makes you long to get a hold on the people in high authority that allow the persecution of "The Girl Without a Chance," as written by Mr. Whitney Collins and produced by Mr. Robert Sherman. No children under 16 admitted.

"Hello, Paris."
Pretty girls, large ones and small ones, short ones and tall ones, are featured in the much heralded "Frenchie-Girlie Show" coming to the Auditorium theatre next Monday in "Hello, Paris," the twentieth century comedy attraction, which is able to pride itself upon the beauty and talent of its chorus.

"Hello, Paris" this season is entirely new. George Clark, the producer and principal comedian, has conceived a production that will make the rest of the shows on the circuit step lively to keep pace with it. Scientifically, it may be considered a revelation, and for entertainment the management labels it the one best of the season.

The burlesque and the second part are chock full of "pep," all the way, the opener depicts the trials and tribulations of a stranded opera troupe, trying to collect enough funds to get back home, and the second part shows a trip to the Island of Gaum, with a landing at the Palace of the King, both scenes affording an opportunity for lavish scenic equipment and gorgeous costumes, in which the beauties of the chorus are bedecked. Special features are given in the ensemble and chorus numbers that are sure to go big with the audience. There are military drill and a pretty Scottish Highland number, with the full complement of girls arrayed as lads and lassies, and special music befitting the whole production.

As for the company it is above the average of burlesque aggregations. George Clark is a veritable riot in the leading comedy parts, and Eleanor Wilson, "The Smile Girl," makes an exquisite prima donna, conspicuously charming. The other principals include Beatrice Darling, the acrobatic sourette; Elmer Brown, the character comedian; Geo. Douglas, Charles Fagan and Helen Stewart, "the thinnest woman on the stage."

With the "Frenchie-Girlie" chorus George Clark and Eleanor Wilson and the brilliant runway, which is now a feature at the New York Winter Garden, "Hello, Paris" promises to be one of the biggest burlesque events of the season. Seats selling, Friday.

"Civilization."
The approaching engagement of Thomas H. Ince's masterpiece, "Civilization," is an event. This great spectacle will be exhibited at the Auditorium next Tuesday and Wednesday for the edification of local amusement seekers. You may rest assured that you will be treated to the same astonishing creation that aroused blasé New York to the realization that the screen is the mightiest weapon of modern times in presenting arguments against the horrors of war. Not only does "Civilization" appeal to the advocates of universal peace, but also to the sensation lovers who find every element of excitement calculated to arouse their emotions. These elements, supplemented by a wonderfully telling musical score, composed by Victor L. Schertzinger, has served to create more favorable comment than a five-foot shaft would accommodate. The production comes here from the Hartman, Columbus.

"My Home Town Girl."
John Hyams and Lella McIntyre in their big musical comedy success

of the big attractions at the Auditorium soon, coming here from Chicago en route to Philadelphia where they are booked for an extended engagement.

The production comes heralded as the best musical offering to be seen here this season, with forty people, elaborate scenery, a large chorus of pretty girls and a strong supporting cast. Besides the two well known stars the principals are Henryetta Lee, Maude Beatty, Dorris Vernon, Charles Gray, Roy Purviance, Maurice Darcy and Jack Hall.

Book and Lyrics are by Frank Stammers and music by Louis A. Hirsch. The piece is produced by Perry J. Kelly. Last season the production appeared in all the principal cities of the country and was so well received that it has been booked for return engagements this year. The entire production and cast is the same as last season and it is declared one of the best musical attractions that will be seen in the country this season. The date will be announced later.

GRAND.

"Pearl of the Army."
An all star cast will support Pearl White in Pathe's great, military-mystery serial, "Pearl of the Army." "The Shielding Shadow" marked the coming of the all star cast to the motion picture. Its success has been demonstrated and an even stronger cast has been gathered for the Pearl White picture which is expected to outdo all of her former vehicles. Pearl White is recognized as the most popular serial star in the world. The cast supporting her in "Pearl of the Army" includes, Ralph Kellard, who, because of his splendid work in "The Shielding Shadow" has become one of the screen's biggest matinee idols, Theodore Friebus, one of the most widely known actors in the country, Marie Wayne, a beautiful young actress in the film, and that sterling actor W. T. Carlton. Throughout the serial there is a strange and mysterious character called the Silent Menace. In one episode we see Pearl White and the Silent Menace after a thrilling struggle fall from a cliff, into the river below. Again we see her rescued by the daring driver of a military aeroplane. We see The Silent Menace boldly invade one of the government buildings in Washington and steal a package containing important documents. We see Pearl in a thrilling fight with The Menace in the tower of the building, hurled down the sloping roof and saving herself by clinging to the rain gutter. The first episode, "The Traitor," will be shown at the Grand next Sunday.

ALHAMBRA.

Tonight, Friday and Saturday. Marguerite Clark, having won one of her greatest successes on the stage in an adaptation of the Grimm brothers' beloved fairy tale "Snow White," has dusted off the darling little costumes which she wore in the play and has donned them again for the Famous Players version of the story which is the Paramount Picture at the Alhambra theatre. It is said that the motion picture goes straight to the original story for its source and that the adaptation is in every detail. Especial attention has been given by Director J. Searle Dawley to the machinations of the witch Hex and of the wicked queen Brangoman, which can be depicted on the screen as readily as the author set it upon paper, because of the trick photography of which the motion picture camera permits.

Sunday.
The slick fellow, Harry Leland, is an exponent of the badger game. Frisco Kate keeps a lodging house in the Tenderloin district of New York City. Resorted to by the gang of crooks.

When Doris Moore is safely landed there, it is found out that William Lake, the Western mining engineer, is staying with his mother and sister at a nearby hotel. Leland persuades Doris to get Lake to come to the house, telling her Lake has been his partner and has stolen from him.

They are indeed a tricky lot in this play, "The Deep Purple," which is

the next of the Clara Kimball Young Special Service-World Pictures. The management of the Alhambra theatre has arranged to show it, Sunday.

Ladies, Try This.
Two ladies on the other side of the Border were holding a stairhead confab one morning on the troubles of life, and husbands in particular. "I dinna wonder at some purr wives having to help themselves out of their husbands' trouser-pockets," remarked the one.

"I canna say I like the munder-hand ways myself," responded the second matron. "I jist turn ma man's breeches doonside up and help mase' off the carpet."—Tit-Bits.

HAVER PROMOTED AGAIN; IS AID TO SUPT. VAN HORN

C. B. Gorsuch, superintendent of the Baltimore and Ohio railroad at Baltimore, has been transferred to Pittsburgh in the same capacity, to succeed P. C. Allen, who has resigned to engage in other business.

T. J. Brady, train master, has been promoted to superintendent at Pittsburgh, to succeed Mr. Gorsuch.

C. W. Van Horn, assistant superintendent at Pittsburgh, has been promoted to superintendent at New Castle, Pa., to succeed T. E. Janison, who has been assigned to other duties.

W. M. Haver succeeds Mr. Van Horn as assistant superintendent at Pittsburgh.

W. M. Haver, assistant superintendent of the Pittsburgh division, at Pittsburgh, first entered the service of the Baltimore and Ohio as an engineer on the Newark division November 20, 1901. In 1910 he was made assistant road foreman of engines of the Ohio River division and later was advanced to assistant train master at Newark. He was advanced to train master of the Monongah division in 1913, and January 1, 1915 he was appointed supervisor of freight inspection, at Baltimore. He was promoted to assistant superintendent at Pittsburgh, in January 1917.

Great Perishable Freight

In order that careful attention may be given at all times to the temperature of traffic shipped over its lines under refrigeration, Ora H. Hobbs has been promoted to supervisor of refrigeration of the Baltimore and Ohio railroad, with headquarters at Baltimore. Mr. Hobbs was formerly a superintendent and more recently on the staff of the operating executive of the company.

Actress Tells Secret

A Well Known Actress Tells How She Darkened Her Gray Hair With a Simple Home Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It makes the hair soft and glossy, is not sticky or greasy and does not rub off."

20,000 TONS SHIP STEEL SOLD TO JAPS AT NEW HIGH RECORD

Cleveland, O., Jan. 11.—The Iron Trade Review today says:

The continuing tremendous demand for plates is the most impressive feature of the iron and steel markets. One company made a sale of 20,000 tons of ship steel for export to Japan at \$120 per ton. Pittsburgh, for the plates and \$80 for the shapes. Later it sold 4,500 tons of ship steel for Japan for the first half of this year at \$125. Pittsburgh, for the ship plates and \$80 for the shapes. The price for the ship plates is the highest that has been paid to American mills. Japan remains in the market for a heavy tonnage, including 12,000 tons inquired for by a British merchant through his Montreal house. An exporting concern in New York has sent out an inquiry for 18,000 tons of ship plates for export. An eastern steel company has an inquiry for 15,000 tons of ordinary tank plates for construction purposes abroad other than ship building. A Boston car company is in the market for 17,000 tons of universal plates and 3,000 tons of shapes to cover a Russian order for 4,000 cars. For New York subway work, 6,100 tons of structural material are required.

The pig iron market is dull and almost the only important inquiry pending is for export.

FUTURE RELATIONS FREE FROM FRICTION SAYS GERMAN PAPER.

(Associated Press Telegram)
Amsterdam, via London, Jan. 11.—A Berlin dispatch to the Dusseldorf General Anzeiger says that well informed political circles are inclined to regard the much criticized remarks of Ambassador Gerard in regard to the men at the head of the German government as a misplaced compliment to the statesmen in question. The dispatch adds: "The former American policy of interference was only possible as long as Germany put up with it. It is believed in the aforesaid political circles that such American action could not, for good reasons, continue as successful as it was previously. It is also believed that in the future, when important differences arise between America and Germany there can hardly be such great friction as has been the case."

ADmits POSTAL ROBBERY IN 1913; GIVES SELF UP.

(Associated Press Telegram)
Toledo, Jan. 11.—Raymond Welch, 22, a confessed mail robber, gave himself up to police last night. He told police authorities that he rifled mail pouches at Gothenburg, N.Y., in 1913 and after that went to France on a mission ship. He returned to the United States recently, he said, Welch will be turned over to federal authorities.

BETTER THAN CALOMEL

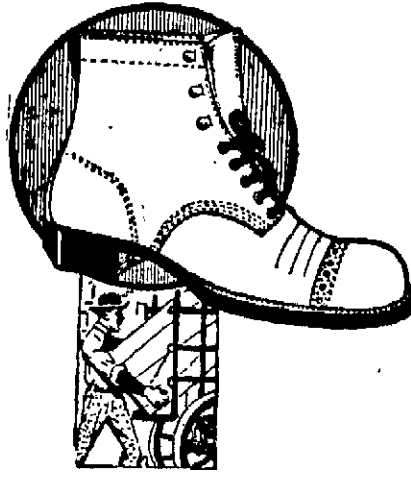

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets do its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" the brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

He Wins Out!

—Shoes play an important part in the business game of life, as all successful men will readily admit, for without foot comfort there's neither peace of body nor peace of mind.

—Self-poise, alertness and keen perception are impossible in ill-fitting shoes while self respect shrinks, in shoes that offend by their looks.

—Many men that "WIN OUT" buy shoes here from year to year. A man feels and looks fit in them because there's comfort from the first wearing while the style bars all criticism. Many grades and prices and all remarkable values at the price under the present market conditions.

HUNT FOR CONNORS IN TOLEDO BOMB; PLOT IN HOTEL.

(Associated Press Telegram)

Toledo, Jan. 11.—Police today are searching for a mysterious "C. C. Connors" in connection with the dynamiting of a local hotel late yesterday afternoon in which several persons narrowly escaped injury. The bomb, which wrecked five rooms of the hotel, exploded in the room which had been engaged by Connors only two hours previously.

Connors, police say, left a suit case in the room and departed. They believe the bomb was in the suit case with a time device attached. The guest has not returned.

The hotel was housing several line-men who have been taking the places of strikers in the strike of the Ohio State Telephone company.
